OPERATION
Decapolis

At the name of Jesus, every knee will bow!

What happened in Zambia in September is nothing short of historic and miraculous. In one week, we conducted 25 nights of campaigns! I'm talking about massive Gospel Campaigns in five different cities across the nation simultaneously, resulting in hundreds of thousands of salvations and countless testimonies.

This is miraculous, not only for the feat of logistics and engineering that it was – but also because it was executed by a team trained and mobilized entirely through the Christ for all Nations Evangelism Bootcamp. In each of the five cities, two Bootcamp graduate evangelists were stationed. They preached and ministered four of the five nights in their city. I traveled from campaign to campaign, preaching one night in each location.

MANY EVANGELISTS – ONE GOSPEL

Keep in mind that not only were the evangelists Bootcamp graduates – the campaign organizers, trainers, mobilizers, and overseers were Bootcamp graduates as well! In fact, the evangelists have been organizers in previous campaigns, which means that we are raising up evangelists fully developed in campaign evangelism. They can mobilize churches, follow up with new converts, preach the Gospel and heal the sick. We are on track to train 10,000 evangelists like this in this decade!

Not only are these evangelists fully capable in their own right, but because of their training, they are unified to a degree that is unprecedented. They maneuver like a military operation but love one another like a big family.

They all have the same heart. They all preach the same Gospel. They all work together for the same outcomes in a highly strategic and coordinated way. One evangelist will organize a campaign for his fellow graduate, and then they will reverse roles! In addition to their collaboration with CfaN, they also team up and conduct their own independent campaigns and campaigns all over the world.

SHAKING ENTIRE NATIONS WITH THE GOSPEL

We are seeing campaigns happening somewhere in the world every week now (sometimes multiple campaigns per week). This is the fulfillment of a vision that is years in the making and has required literally hundreds of thousands of man-hours to develop. What I am talking about is not merely a good event but the development of a whole new model of campaign evangelism that can shake entire nations with the power of the Gospel.

Places where no evangelist has ever been are suddenly being invaded by the Gospel in the most epic way – and that's exactly what we experienced in Zambia. What you will read here is merely a tiny fraction of the testimonies that poured in. To Jesus be all the praise and glory!

Lusaka Kanyama

Evangelists Alejandro Escobar and Jacob Ebersole

On the third night, a young woman came to the platform to testify that she had been HIV positive but had given her life to Jesus at the campaign, and that day she had retested three times and was **HIV negative!**

Evangelist Jacob Ebersole shared, "For a long time, she was in darkness, working the streets, and suffering

with a lot of pain and sickness. As she was sharing, it broke all of us, including me. Most of us on the platform were in tears. It is a miracle. Christ has literally pulled this girl out of the pit of hell and set her on the solid rock."

On the fourth night, Evangelist Alejandro Escobar preached a simple Gospel message, and as he was preaching, the Holy Spirit began moving throughout the field. By the time the altar call came, people were weeping, and tens of thousands of hands were raised as people surrendered their life to Jesus. It was a holy moment. After the salvation call, we prayed for the baptism of the Holy Spirit. As Alejandro led the crowd in prayer to receive the gift of the Holy Spirit, the whole field went completely silent. Then suddenly, like a rising wave, the Holy Spirit flooded the field.

People all over were filled with the power and the fire of God.

A lady was diagnosed with cancer of the stomach. During prayer for healing on the fourth night of the campaign, she felt that Jesus had healed her. The next day, **a doctor confirmed there was no more cancer,** and she testified on the final night of the campaign.

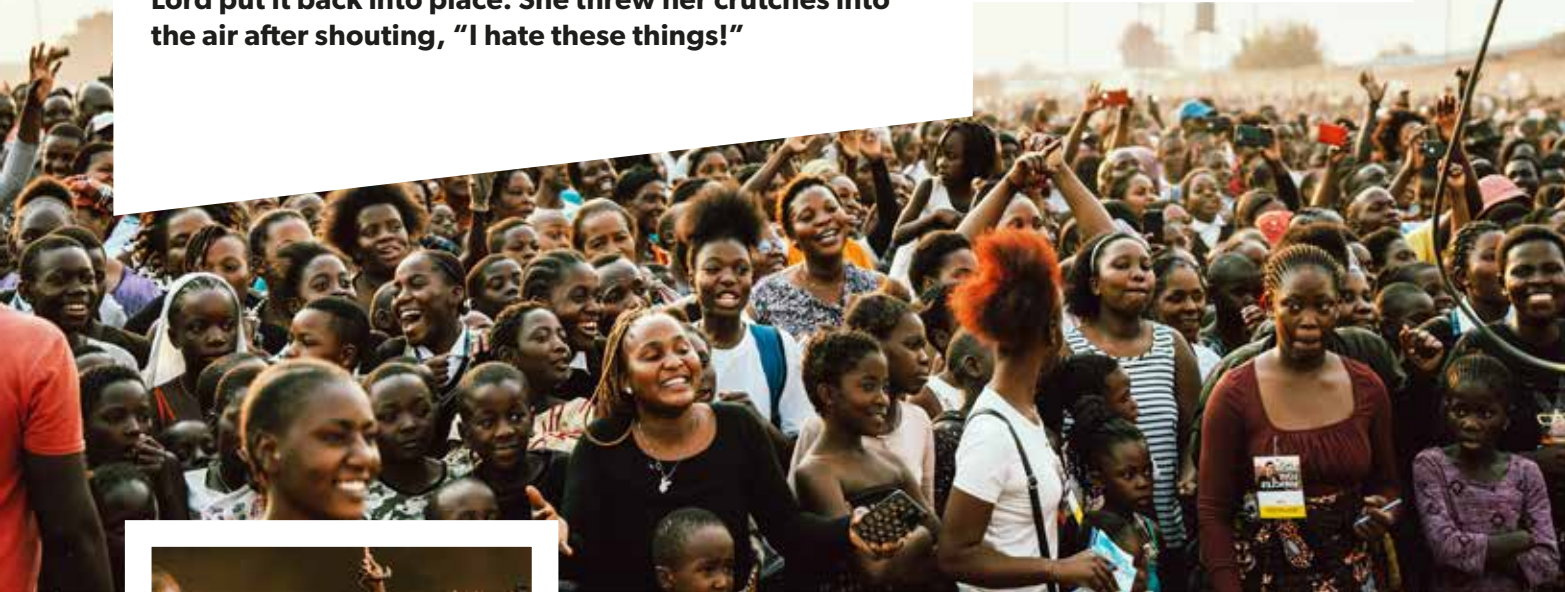

A double miracle! A lady who had breast cancer for three years testified that the **cancer was now gone.** She was also blind for three years, but **now she can see.**

Evangelist Alejandro Escobar

Evangelist Jacob Ebersole

A woman who was deaf for over 30 years was healed as Evangelist Alejandro prayed. He said, "She gave her testimony with tears in her eyes, full of the joy of the Lord. The crowd went absolutely crazy!" He added, "After the testimonies, we had a pile of crutches just lying at the bottom of the platform. We got to a point where I didn't have to throw the crutches from the stage anymore. The people were doing it themselves. One lady named Grace had dislocated her foot a year and a half ago; it was completely misaligned, almost 90 degrees to the right. **The Lord put it back into place. She threw her crutches into the air after shouting, "I hate these things!"**

Solwezi

Evangelists David Rotärmel and Virginia Logan

Evangelist Virginia Logan reported: "I am forever marked to see the masses come to Jesus. Something changes in you when you see thousands upon thousands of souls turn away from darkness to light all at one time. Something changes in you when you are entrusted to preach the power of God unto salvation to tens of thousands of people at one time. Something changes in you when you see deaf ears open, blind eyes seeing, and the lame walking. I am eternally thankful to Evangelist Daniel Kolenda and the CfaN team for this amazing opportunity."

One lady could not walk properly for over 20 years and suffered with swelling in her legs. **The swelling went away, and she was able to jump and run around with Evangelist Virginia.**

Evangelist David Rotärmel shared: "We felt the Holy Spirit and a fresh outpouring of His presence. Those who were hungry and thirsty for Jesus were filled. We began praying for the sick, and the

only explanation for what happened next was that King Jesus Himself stepped onto the field as miracles began to break out all over the field. We celebrate along with the people of Zambia for all the Lord has done - every life surrendered, every decision to follow Jesus, every healing, and every moment a man, woman, and child encountered the Father's love. We are confident in this – God, who began a good work, is faithful to complete it."

Tony could not hear and went to sign language school. **He had hearing problems for 20 years, but during the prayer, he received healing and can hear clearly now.**

Kabwe

Evangelists Evelina Smane and Richard Fullwood

Evangelist Richard Fullwood

Evangelist Evelina Smane

Evangelist Evelina Smane shared this story: "As Evangelist Richard was sharing testimonies of powerful miracles that took place, I was standing next to the sound booth on the stage, praying in the Spirit. Suddenly, I saw a man in the crowd who caught my attention. I noticed he was wearing a CfaN shirt, and I felt prompted to go talk to him. He told me his name was Chipanama, and he was a pastor. **He began sharing that when Reinhard Bonnke was in Zambia in 1981, he was there to help organize the campaign, which took place in a yellow tent.** He pulled out the documents and flyers he was given then and showed them to me.

He was even wearing the same shirt they gave him back in 1981!

What a gift it was from the Lord that I was able to meet this man. I was born in 1991, and this man had organized a campaign in 1981. I was not even born when he saw God's move 41 years ago in Zambia. But now, I got to carry on the legacy and preach here at a CfaN campaign! **Evangelist Reinhard Bonnke went to be with the Lord in 2019, but the legacy of the harvest continues.** Reinhard didn't preach his own ideas or ministry – he preached Jesus."

On the third night, Evangelist Richard shared this powerful testimony:

"A mother brought her baby who she testified had **spina bifida and could not hold his head up since birth.** She was told his spine was so weak he would not be able to walk or support his own body or head and would eventually need a wheelchair. However, the night before, when Evangelist Evelina prayed, the power of God touched

the little boy. The mother came to testify that her son started to hold his head up that evening, and she was in complete shock. On Sunday morning, she took the boy to his doctors, and they were amazed **he was able to support his own head and told her it was indeed a supernatural miracle from God."**

Kasama

Evangelists

Joe Turnbull and Tyrelle Smith

Evangelist Daniel Kolenda shared this report: "On Saturday (the fourth night of Operation Decapolis), I traveled to the city of Kasama. In this city, **the team experienced so much opposition.** A tree collapsed on the campaign field during the first meeting, the sound system blew out, and a sudden whirlwind blew our hospitality tent to pieces while our team was filming. **But none of that stopped these committed and resilient evangelists.**

After I preached, a witch doctor came forward and surrendered her life to Jesus. Then she brought a bag of "juju" (witchcraft charms and amulets) and some other blankets that were used for witchcraft

Aaron is 10 years old.

For almost his whole life (9 years), he could neither stand upright nor straighten his hand. But during the prayer, **he was healed and can now open his hand and also stand up straight.**

Kitwe

Evangelists
Roselyne Aaron and
Braidwood Rathbone

Evangelist Roselyne Aaron reported: "Everyone, who calls on the name of the Lord shall be saved! This powerful verse in Romans 10:13 depicts the experience of the people at the CfaN Gospel Campaign in Kitwe. Thousands of men, women, and children lifted their hands as they called upon the name of Jesus. **There was a mass wave of salvation that covered the field from the front to the back.**"

rituals, and she threw them into our fire barrels! **She stood before the massive crowd and publicly professed her faith in Christ and said she would serve Him 'forever and ever.'**"

In another powerful moment, the crowd (including a member of the royal family of a local tribe and the local bishops) repented of a large idol of a crocodile in the middle of town. Someone then burned an effigy of that crocodile in the fire-drums as witchcraft paraphernalia was being torched.

On the final night, Evangelist Tyrelle preached on the return of Jesus and the urgency to follow him now. She preached from Matthew 25:1-13, the parable of the ten virgins, five who were wise and five who were foolish and unprepared. She made the point that whether you are ready or not, Jesus is coming back, and every eye will see Him. Evangelist Tyrelle gave the call for salvation and encouraged people to not delay – and many thousands heeded the call.

Evangelist Joe Turnbull

Evangelist Tyrelle Smith

A young man named Richard came to the campaign field with a heart condition. He couldn't breathe properly for 1 year and 8 months. He could not stand for long periods of time, he had palpitations, and was weak in his body. He could not walk well due to this condition. **Jesus healed Richard's heart and his breathing was restored perfectly. He received strength and was able to walk and jump without any palpitations or difficulty breathing.**

A WHOLE GANG SURRENDERS TO JESUS

On the night that Evangelist Kolenda came to Kitwe, he preached a very simple, clear Gospel message, and tens of thousands responded, including an entire gang that is well known in the region. They publicly testified that they had been terrorizing people in the region for many years, but that night they all surrendered their lives to Jesus! They announced to the crowd that they will never go back to their old ways.

Evangelist Braidwood Rathbone shared these testimonies: "A young lady came to the microphone and was holding her left ear closed. Without my even asking, she began to testify. "As you can see, I'm holding my left ear closed because I was completely deaf in my right ear for 12 years." She told us she was in the front row as we were praying for the sick. She told Jesus that tonight she was going to receive her miracle. She was rubbing her ear and heard something like rain drops. Then it opened suddenly and fully. She received full healing from Jesus. Her expression was something you couldn't fake – she was totally amazed.

An elderly man named Sir Alex had **pain all over his body for one year.** This pain made it impossible for him to walk anywhere. He could not even go to his local church because of this condition. Jesus healed him, all the pain in his body vanished, and his strength was renewed like that of a young man. In front of everyone, **he walked, jumped and ran.**

The work is never done until Jesus returns! You can be a part of this great harvest by praying for us and supporting this ministry financially.

Thank you for standing with us.
