50TH ANNIVERSARY LAUNCH

Valhalla, Cape Town –
the site where the CfaN
Big Tent stood in 1984

In February, CfaN's 50th Anniversary year was launched by Evangelist Daniel Kolenda with a partner banquet and celebration service in Cape Town, South Africa. This location holds great significance for us because of Evangelist **Reinhard Bonnke's prophetic rally cry: "From Cape Town to Cairo, Africa shall be saved!"** South Africa is also the nation where Christ for all Nations was founded in 1974, the birthplace of the vision that God placed in his heart and ours.

So, it was with great joy and gratitude that we marked this momentous milestone together at the tip of the African continent.

In attendance were over 40 CfaN-trained evangelists who converged on Cape Town for three weeks of "Gospel Invasion" before and after the launch service. From early morning to late night every day, they preached the Gospel out on the streets, in the markets and malls and in red-light districts. They visited many schools and saw thousands of young people giving their lives to Jesus.

The Gospel Invasion culminated in an outreach in Valhalla Park, the very area where CfaN's Big Tent was erected in 1984! Amazingly, older people there still speak vividly of that CfaN Mass Gospel Campaign forty years after it happened.

ABA, NIGERIA **4 MASS** **CAMPAIGNS** **IN 2 WEEKS**

CfaN's vision for this important year includes two major aspects: to conduct 50 Mass Gospel Campaigns on African soil by the end of the year, and to increase the number of documented decisions for Christ from 90 million to 100 million.

This is a huge undertaking, requiring not only the full commitment of our staff worldwide, but also the cooperation and dedication of hundreds of CfaN graduates. These are evangelists who have completed an Evangelism Bootcamp or School of Evangelism, as well as many volunteers who have been to CfaN Fire Camps all over the world.

That vision was off to a great start with the first four Mass Gospel Campaigns which took place in and around the city of Aba in Abia State, Nigeria. Two weeks before the Mass Campaigns, groups

of evangelists were already on the ground conducting a Gospel Invasion in the whole region. We do not yet have the final figures, because the Gospel Invasion continued for several weeks after the meetings. But by 14 March, the Gospel Invasion teams had already recorded 264,074 salvations!

REACHING A NEW GENERATION

This is the same site where Evangelist Reinhard Bonnke and our team held a Mass Campaign back in 2007. Now we were back to see a whole new generation experience the power of the Gospel, and a new generation of evangelists came with Evangelist Daniel Kolenda. Evangelists David Rotärmel and Robert Enge were stationed here and preached the pure Gospel with signs following. We witnessed many wonderful miracles.

Francis

One of the most amazing miracles we heard was from a gentleman named Francis. He said that due to an accident, he was not only deaf in his left ear, he was also blind in his left eye for 7 years. Daniel had him cover his good eye and stood several feet away holding up his fingers, testing his ability to see. As he shouted the right answer, Evangelist Kolenda stepped back further and further until he could walk back no more without falling off the stage.

His sight was perfectly restored!

Then Daniel tested his hearing with the same method. He shouted every statement Daniel whispered word for word; "Hallelujah", "Glory to God" and "Thank you, Jesus"! It was an amazing sight to see!

Blessing from Igbo State had a baby in her womb in the wrong position. She was told by her doctors that the baby would not be able to grow properly. During the prayer for the sick yesterday and the whole night after, Blessing felt strong pain and movement in her womb.

The next day, the doctor confirmed that the baby had moved into the right position.

While testifying on the stage, she felt the baby kick strongly in the womb, rejoicing with us at God's miracle power at work.

CAMPAIGN 3

“IT’S OUR TIME!”

The people in Ogbor Hill had never had a Mass Gospel Campaign in their area. They told us “There has never been a Mass Campaign here for us. Finally, it is our time!” There was a tremendous hunger. Tears flowed freely and there was a wholehearted response to the Gospel. Daniel Kolenda preached at both Mass Campaign sites, and when he was at Ngwa High, it was Evangelists Macoby Donaldson and Robert Enge who cast the net at Ogbor Hill and saw many thousands respond, night after night.

Splendor

An 8-year-old boy named Splendor received complete restoration of sight in his left eye. One of the Bootcamp graduates serving with us went into the crowd during the prayer and after praying for him, the boy and his mother testified that he could see! His mother kept shouting,

**“Splendor can see!
Splendor can see!”**

She said that since birth, he had not been able to see out of his left eye. The evangelist tested him by standing far away and holding up different fingers and he said every one right. After his miracle was confirmed, his mother lay prostrate on the stage, overwhelmed by what Jesus had done. Splendor had the biggest smile on his face and when asked who healed him, he said, “Jesus!”

Macoby

Not even giant swarms of bugs on Night Three could stop Evangelist Macoby from preaching the gospel!

A gentleman called Joseph who had testified of a miracle healing on a previous night, came back on night four to share how God had finished the healing in his entire body. Thursday night he testified of battling severe foot issues to the point to where he could no longer wear shoes. After prayer on Thursday, his foot was completely healed and restored to normal, free of pain. On night four, he told us how he had also suffered severe back pain due to the issues with his feet. He used a cane and walked hunched over.

Joseph said that during the prayer, he felt all the pain leave his back and he can now walk upright.

He looked Rob right in the eye and said, “I don’t need this anymore” and threw his cane on the ground!

BREAK IT DOWN, PACK IT UP – AND DO IT ALL AGAIN!

Ngwa High and Ogbor Hill were just the first two Mass Campaigns in the first week. Immediately after that, our technical team faced the massive challenge of having to take two full stages and all their equipment down, pack them up, transport them to new locations and then set it all up again. And all in only three days!

UMUAHIA, NIGERIA

CAMPAIGN
4

As Daniel Kolenda was praying for the sick, he received a word of knowledge that there was a pregnant woman on the field whose baby

was no longer moving. He declared that life would come into that baby's body, even if it was dead, and it would start moving and kicking. Suddenly, after he prayed, there was a woman standing before him with a testimony. Daniel asked what had happened to her. She said, "I am the pregnant woman you were talking about." She looked to be 4 or 5 months pregnant. She said she had been experiencing a lot of pain in her womb and there was no movement.

She could tell something was very wrong.

As Daniel prayed, she said all the pain left and the baby started moving!

He asked her how long it had been since she'd felt it move and she said "Never!" The people were shouting and rejoicing. It was obvious a wonderful miracle had taken place.

NEW LIFE

Evangelists Bradley Fisher and David Rotärmel were stationed here, a place where Reinhard Bonnke preached a generation ago (the average age in Nigeria 19.2). Twenty years later, we are still faithfully proclaiming the power of the blood of Jesus to save sinners, restore the brokenhearted and heal the sick.

Evangelist Fisher shared, "My favorite healing testimony was from a lady named Blessing. She had glaucoma and was unable to see clearly for about 20 years. One of the first things I prayed for was for blind eyes to open and that very moment, her eyes completely cleared.

Not only did her eyes open but she also had pain in her shoulders and Jesus healed her shoulder pain."

DARKNESS TO LIGHT

On the second night, the Governor of Abia State attended the meeting in Aba South. He addressed the people, and we learned many interesting details about the significance of our visit. For one thing, the field on which we were meeting was a notoriously dangerous place. The jungle was very thick, and criminals used it as a hiding place. One of the local pastors told us that, even though he lives close by, and his church was only a stone's throw away, for decades he avoided this place because of the danger.

This was the very field we chose for our Mass Campaign. Our team cleared the jungle. The road running past it, which was broken down and impassable for something like 30 years, was rebuilt, and now this place known for darkness and danger has become a lighthouse where the Gospel is shining brightly!

Daniel Kolenda prayed for the Governor of Abia State.

Confidence was playing football in primary school when she broke her leg. She told us that for 10 years she could not bend her legs, lift them or dance. When the prayer happened, she was completely healed.

All the pain was gone and she squatted and danced without any problems.

Caroline Christine

Caroline Christine came to the field almost unable to walk because she could not stand upright and only could walk bent over almost 90 degrees. She was in that condition for 1.5 years.

During the prayer she was able to stand completely upright and walk properly.

Always with the local churches

Every new believer is given a follow-up booklet that helps them understand their first steps in faith. This includes the decision card they fill out so that local churches can contact and disciple them.

Thank you

Our teams are already in Uganda and the Congo, preparing for at least ten Mass Gospel Campaigns in June and July.

Are you able to help us do this with a financial gift?

We really need your support in this year of harvest!
