100 Million Salvations!

50 years of ministry

QUELIMANE, MOZAMBIQUE

17 – 20 July

Standing on the shoulders of giants

When the Lord first spoke to Evangelist Roberts to go to Mozambique and he began to research cities, he was struck by Quelimane. It's the furthest that the great missionary David Livingstone managed to go in the Congo. As he looked over the crowd on the first night, Randy remembered Livingstone's famous quote: "And although I see few results, future missionaries will see conversions following every sermon. May they not forget the pioneers who worked in the thick gloom with few rays to cheer, except such as flow from faith in the precious promises of God's Word."

Wherever we go in Africa, we stand on the shoulders of giants, men and women of God who gave everything, even their lives. Now we have the privilege of seeing "conversions following every sermon."

Since 2005, Victoria couldn't see well, and over time her vision got worse. She couldn't see faces clearly, and people often thought she was ignoring them when they waved, when in reality, she simply couldn't see them. She was unable to read without glasses. But on Night Three, after prayer, Victoria opened her eyes and began to jump with joy – she could see clearly! She said, "Today is the best day of my life!"

For 12 years, Lora was unable to sleep. Whenever she laid down in bed, she would wake up and somehow end up on the floor and couldn't sleep at all. But last night, she came to the campaign and received prayer—and something changed. For the first time in 12 years, Lora slept peacefully through the entire night. She was even woken up by the rooster in the morning and was shocked—she had slept 8 hours straight!

Salvation to everyone who believes

Evangelist Roberts shared:

“God moves in such a profound way in these campaigns that it causes the whole city to stop and acknowledge Him. As you can imagine, the devil doesn’t like that because we are taking ground and so he tries to resist our efforts, hinder our finances and cause all sorts of problems. All in an effort to get us to quit. He has tried all those things, and we have experienced pressure on all sides, but when we pulled onto the field on Night One and there were thousands upon thousands of people, none of that mattered. I didn’t see any of the problems, I only saw the harvest, and I began to weep tears of joy and thank Him for drawing these people to Him. As I did, He clearly spoke to my heart ‘I am faithful’. I knew that to be true before, but I know it better now. If we won’t quit and just trust Him, He will come through every time.”

Antonio had a cyst inside his right eye since January this year, making him blind in that eye. During prayer, he laid his hands on his eye, and when Randy prayed, the cyst disappeared — and Antonio could see again. To test the healing, Randy had him cover his left eye and then showed him fingers from a distance. Antonio was able to count them perfectly!

This little girl, Nazira, had a tumor on her neck. During the prayer for the sick, it completely disappeared!

People were afraid of the devil

On Night Two, there were challenges. The music was off, the ushers weren't handling the testimonies properly and worst of all, there seemed to be a heaviness and stiffness to the people. Randy sensed what was wrong. The people were afraid of the devil and the witch doctors. When he took the microphone, he emphasized that the devil is under our feet and that they needed to bring their witchcraft items ('juju'). To prove this point,

he went down and pulled two bags of juju out of one of the barrels and held it up for everyone to see. Then he threw it on the ground and began to dance on it. There was a collective gasp across the crowd. When I wasn't struck down, the crowd roared with approval!

The Bible says that the devil goes about as a roaring lion seeking whom he may devour and as soon as we figure out that he may not devour us, he loses his power over us! The rest of the night, the heaviness was gone, and people filled the two 55-gallon drums with juju. We had so many miracles take place, we couldn't get to all the testimonies."

In 2014, Ides broke her right leg and lived with constant pain ever since. She couldn't stand long or run. But today, she stood for over three hours pain-free — then ran across the stage with Evangelist Randy without pain! In tears, she celebrated the miracle God had done.

Evangelist Roberts and the interpreter sharing an animated moment in the sermon

Lajoie is 12 years old and had never heard or spoken since birth. But now she can hear clearly and speak! Lajoie (whose name means 'the joy') was brought to the campaign by Xavier, the man who took notes of the testimonies on stage. He has known her since birth and confirmed this wonderful miracle!

God's Marketing Plan

From Pointe Noire, Randy shared, "The meetings here in Pointe Noire were going well. The Fire Conference was very well attended. In fact, there were so many pastors that I was a little surprised at the size of the crowd the first night. Now, it was thousands of people and much bigger than the meetings we used to have before we were trained by CfaN. Numbers aren't everything, but the Bible does say we are supposed to be fruit checkers.

While the crowd was not huge, the number of miracles was amazing. We had dozens of people come to give their testimonies and just like in the Bible, for every one that comes to give their testimony there are usually nine that don't.

So, I wasn't surprised when we pulled onto the field on the second night, and the crowd had at least quadrupled!

This is what I call 'God's Marketing Plan'. I like to say that we spend all our advertising budget for just the first night, because on the first night, God advertises by confirming His word with signs, wonders and miracles! It's the goodness of God that leads men to repentance and when people hear of what He is doing they will come to see for themselves and while they are here, they hear the Gospel.

Quelimane

This Summer, while CfaN was also holding Gospel Campaigns in the Democratic Republic of the Congo (DRC), we passed a very significant milestone – **100 million recorded salvations in fifty years of ministry!** It was a joyful moment of celebration, but there is no time to sit back and relax. The work continues unabated!

In fact, while that celebration was happening, CfaN Bootcamp graduate Evangelist Randy Roberts was conducting Gospel Campaigns in two nations, Mozambique and the Republic of Congo.

The Republic of Congo – also known as ‘Little Congo’ – is west of the DRC in central Africa, while Mozambique is in southern Africa on the east coast.

This is how the Decade of Double Harvest is happening, through real-life multiplication and collaboration. Motivated by the same vision DNA – Africa shall be saved! – and equipped spiritually and practically through CfaN training and plenty of practice in the field, Randy preached the pure Gospel and witnessed thousands come to Christ in every meeting. During the mornings, local church leaders were encouraged and taught during Fire Conferences. These powerful campaigns left an eternal mark, not only on the individuals who met Jesus, but on entire towns!

How shall they believe in Him of whom they have not heard?
