Open Doors in Thailand

**CHIANG RAI
THAILAND**
21 – 23 NOV 2025

Saeng was paralyzed after a Covid shot and had been almost completely bedridden for 2 years. When he accepted Jesus, he began walking again just two days later!

Last-Minute Miracle

In November, CfaN hosted our first open-air Gospel Campaign in Thailand, the 'kick-off' event for months of intensive evangelism in this nation.

But four weeks before the campaign was due to begin, it looked like it might not happen at all. A period of national mourning was declared – and everything in the nation came to a halt. Overnight, all preparations stopped. Pastors and churches pulled back, permits were cancelled. The local campaign committee stepped away. By every natural measure, it was over.

Evangelist Kolenda greets local committee members

**Janhom had been using
a walker for 4 years**

because of the pain in her legs. On Night Three, she walked across the stage with Evangelist Mattheus van der Steen to show she was healed! She even walked away carrying the walker in her hands.

BUT GOD WAS NOT DONE!

Evangelist Brady Liette was our campaign director there, and he shared:

"As all of CfaN prayed, an explicable peace settled over me. I knew we had to push forward. Evangelist Daniel Kolenda and Evangelist Mattheus van der Steen reminded us that God's call had not changed. The Gospel must be preached. So we took a step of faith and continued."

A handful of courageous pastors stood with us. Even the newly-elected governor – himself a Buddhist – granted us permission to continue.

THREE DAYS OF BREAKTHROUGH

It was a last-minute miracle – the first of many, because God moved powerfully in Chiang Rai. In this region of many cultures and languages, with countless idols scattered across the land, not only did the campaign happen, but the power of the Gospel broke through. Thousands responded to the Gospel. And there were too many testimonies to count.

Kie had been deaf in her left ear for 60 years!

When she walked into the tent and they prayed over her, she was completely healed. At first, she couldn't believe it – she even thought the woman who prayed for her had somehow performed the miracle. But now she knows – it is Jesus who saves and heals!

Evangelists from around the world came together to share the Gospel in Si Sa Ket.

**SI SA KET
THAILAND**
13 – 15 FEB 2026

Pioneering New Territory in 2026

From the start of this year, **34 international evangelists, trained by CfaN**, joined forces with local churches to take new ground in Si Sa Ket province in Thailand. Weeks of village outreaches, Gospel Truck pop-up campaigns and youth ministry culminated in a three-day Gospel Campaign in the area’s regional capital, also called Si Sa Ket.

Before this outreach push, there were only around 1,000 Christians in this entire province of 1.4 million people! This is truly pioneering work, sharing the Gospel with people who have never heard it before. Breaking new ground like this comes with many challenges. Evangelist Dieter Wagner shared that when he first started preaching, he quickly realized that he needed to tell the people to open their eyes again after he prayed – they had never heard “amen” before!

What a privilege it is to share the Good News of salvation in Jesus with people who – 2,000 years after He came! – have not yet heard it.

Wherever the evangelists went, God proved the truth of the Gospel with healing power.

Villagers were also invited to attend Gospel Truck campaigns in their area, where many responded to the Gospel.

VILLAGE OUTREACHES

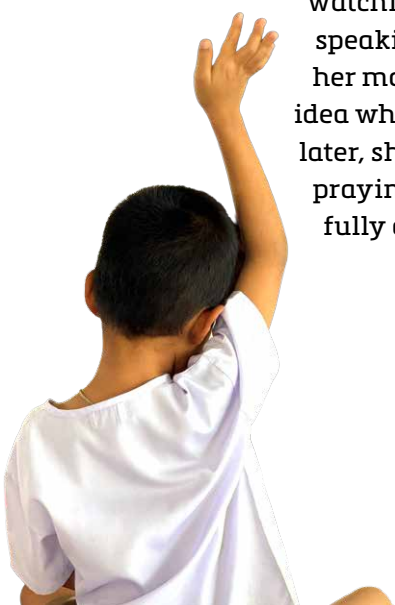

Teams conducted **92 village outreaches**, preaching the Gospel, praying for the sick and casting out evil spirits. Everywhere they went, they were amazed at the openness they found. Many times, they preached the Gospel right next to the local Buddhist temple, as these are the usual gathering places. With the permission of the local head man in each village, they would set up speakers, preach the Gospel and pray for the sick.

Evangelist Chris Cashen spearheaded the village outreaches.

THAI CHRISTIANS RECEIVED HOLY SPIRIT FIRE

Local Christians went out with every international team of evangelists, and for many of them, this was a life-changing experience. Evangelist Steve Kelly shared that a Baptist pastor who was with them was astounded at the miracles that were happening, and asked Steve to pray an impartation prayer over him. As he began shaking under the power of the Holy Spirit, another local Thai Christian woman was watching. Suddenly, she fell to the ground, speaking in tongues. At first, she covered her mouth in astonishment, having no idea what was happening. A few days later, she was translating for the team, praying for the sick, casting out demons, fully charged with the power of God!

CHILDREN AND TEENS TOUCHED BY GOD

In every village and town, the team preached to as many children and teens as possible. During 180 youth outreaches, over 12,000 young people responded to the Gospel! Over and over, we saw children visibly touched by the Holy Spirit, moved to tears by the Gospel story.

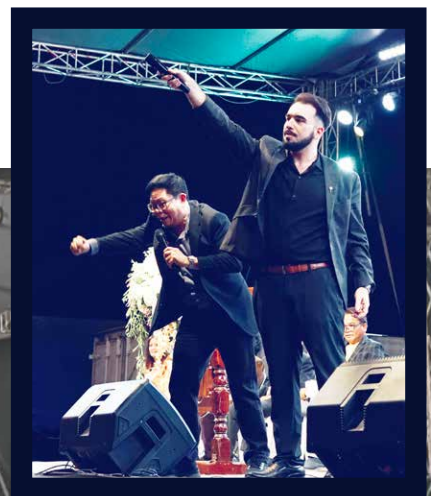

Evangelist Jazmin Nyiro shared:

"One day, the Lord led us to a small village here in Thailand. The whole area was very quiet and looked almost abandoned, but we came across a little school with only 29 students. None of them had ever heard about Jesus before. We decided to share the simple Gospel with them and every one of them opened their hearts to Jesus. As we were praying for the gift of the Holy Spirit, one boy was so deeply touched by the Lord that he burst into tears. When we asked who had experienced something during the prayer, he immediately raised his hand and said he had needed to cry because he felt the love of God. I believe he will never forget this encounter with Jesus and he will be a bright light in his community."

Something wonderful happened on Night One of the Gospel Campaign. Before Evangelist Dario could even do an altar call, someone came running from the back to give his life to Jesus. And the next thing, most of the crowd left their seats, responding to the Gospel before the invitation! The same thing happened the next two nights.

Such is the tremendous hunger for the Gospel we are seeing here.

On the first night, Somilide shuffled to the campaign, bent over her walking stick.

By her own account, she had suffered terrible pain for years, could not lift her arms nor walk unaided. After prayer, she said all pain left her body. She stood up straight, raised her arms and threw her walking stick away, completely healed!

Evangelist Diana Wagner shared that this woman, **Amnuay, had suffered with heart issues for two years** and was on medication. She struggled to breathe. But after they prayed for her, she could suddenly breathe freely and felt completely better.

NUMBER OF CHRISTIANS TRIPLES IN SI SA KET!

After weeks of preparing the ground in Si Sa Ket, the initiative closed with a three-day open-air Gospel Campaign from 13 – 15 February, conducted by CfaN Evangelism Alliance evangelists. Evangelists Kaisa Fischer, Dario Giustino and Diana Wagner took turns preaching the Gospel and ministering to the sick.

1,089 documented decisions (where new converts have given their contact information and been connected to local churches) were recorded during the Gospel Campaign. Another 1,220 were recorded in the village outreaches beforehand. That means the number of Christians in the Si Sa Ket province more than tripled! We believe this is the beginning of exponential growth for the Body of Christ in Si Sa Ket.

Evangelist Dieter Wagner prays for a woman with cancer.

She stood up and walked home by herself, something she could not do before the prayer.

You are a vital part of this ministry!

Your prayers and financial support make it possible for us to go where the Lord leads us.

THANK YOU FOR SENDING LABORERS INTO THE HARVEST.
