

Benjamin's Unfaithful Heart

For Benjamin Ella's wife, Jeannette, there was only one response to her husband's infidelity: she decided to murder him.

"When my wife finally realized that I was having an affair, she went wild. She grabbed a machete and tried to kill me. I had to wrestle it from her hand," Benjamin told CfaN.

Benjamin Ella of Cameroon was a proud man with a distinguished military career. He entered the army at age 22, and then began an immoral lifestyle. He married Jeannette a decade later, but his pattern of immorality continued. *"Each time I committed adultery, I would not be satisfied,"* said Benjamin. *"Lust drove me to find the next woman. But it was never enough."*

Benjamin became bolder and bolder as he planned his meetings with women. After his wife attacked him, he simply stopped trying to hide the affairs. *"I was living a terrible life. I would go out with other women. I would bring women into my own home, even when my wife*

was in the house. I was only thinking of what was best for me."

Jeannette told us, "That became the hardest thing for me – the way he would bring women home and sleep with them right here in our house. I was devastated. I kept thinking maybe I should leave him. But I couldn't because I had no way to provide for my children."

The couple lived like strangers in the same house. They rarely spoke to each other, and hardly ever made eye contact. After a while, Benjamin began to realize that he was living a very lonely, empty existence.

One night he decided to go to the Christ for all Nations Gospel Campaign in Cameroon near his home. He said that as he walked onto the parade grounds that night, he felt like something good was going to happen. Then he heard Reinhard Bonnke begin to preach the Gospel.

THE ONLY
ANSWER IS
JESUS CHRIST,
THE **LOVE** THAT
TAKES AWAY
THE SIN OF THE
WORLD!

"Something extraordinary happened to me that night! As he preached from the Bible, it was different than anything I heard in the past. I saw power in the way Reinhard Bonnke preached!" After hearing the Gospel preached for the very first time, Benjamin repented of his sins and prayed to receive Jesus as his Savior.

"I know Jesus forgave my sins that night! That night I turned away from my sin, and found a new way to live."

Jeannette couldn't believe the difference either! *"That night when he came home from the Campaign, I noticed a change in him – a big change!"*

The next night Benjamin took Jeannette and his children back to the meeting! During the invitation

to pray for salvation, the entire family surrendered their lives to Jesus Christ. Things began to change for the couple. They started talking to one another, and began attending a church. Soon Benjamin took the important step of reconciling with his wife.

"After we came to the Lord, we went into a room, and I confessed my sins to my wife and she confessed things to me that she had done – and we forgave each other," Benjamin said.

"He has changed so much," added Jeannette. *"The horrible things he used to do are gone! And I have forgiven him for everything. God has restored our marriage!"*

In fact, the family's salvation and marriage restoration happened more than 17 years ago at the 1997 CfaN Gospel Campaign. They have been walking with the Lord ever since.

"God restored 'normal' to my home!" said Benjamin. *"There is no way I will ever go back to my mess. All is well with us now."*

"I love him now," said Jeannette. *"Jesus has done something in his life. Jesus Christ has stepped in, and that makes me love him more than ever."*

Benjamin now has this advice for anyone who is willing to listen: *"The only answer is Jesus Christ, the love that takes away the sin of the world!"*

Benjamin and Jeannette shortly after their wedding. Soon afterwards their situation deteriorated.

// *The evangelist's message finally changed me. I discovered true life. He talked in an extraordinary way about the love of God. He explained that Jesus died on the cross for my sin.*

*He explained that ...
By his death, I am set free.
By his death, I am saved.
By his death, my family is delivered.
By his death, evil has no hold on me.*

His message differed from everything I had heard before. It was full of life!"

Immobile fingers
Saved and healed on 6 June 2013
Nairobi, Kenya

Frozen Fingers

This young lady from Nairobi, Kenya had an operation on her wrist that damaged her ability to move her fingers. She came to the Gospel meetings with her fingers frozen and immobile. On the stage, Daniel clearly saw the scar on her wrist from the surgeon's knife.

But thank God for the love and power of Jesus Christ! He completely healed her. She can now move her fingers freely. Yet that is not even the best part of this precious woman's story.

SHE ALSO GAVE
HER LIFE TO
THE ONE WHO
HEALED HER,
JESUS CHRIST,
BECOMING A
BORN AGAIN
CHILD OF GOD –
**THE GREATEST
MIRACLE OF ALL.**

This woman had been disabled for three years. Friends actually had to bring her to the Yola Campaign in a wheelbarrow. But the power of Jesus Christ healed her, and she ran and jumped for joy on the platform!

VICTORY ANSA

Three years old

Deaf

Healed on 14 December 2013

Yaoundé, Cameroon

"Mama, It's There!"

One day Caroline Ansa made a terrible discovery. Her little daughter was deaf. But it was no accident that the girl was named Victory. When she was three years old, Jesus did what doctors could not do.

Victory's parents were not certain that their daughter was deaf until she was about eight months old. Caroline, the child's mother, told CfaN that she noticed other children, even as tiny babies, would turn their heads toward the sound of their mothers' voices. Victory, now age three, had never responded to her parents' voices, music or any other sound. *"Even from a few feet away, every time I would call her she would not come. I had to go over and touch her to get her attention and bring her to me."*

A simple examination of Victory's ears by a doctor could not determine the cause of the child's deafness. The family could not afford more extensive medical tests because of Caroline's husband's limited income as a taxi driver.

Victory had never responded to a single sound, nor spoken a clear word, until one afternoon when Caroline took her to the CfaN Gospel Campaign in Yaoundé, Cameroon. They came to the special afternoon healing service. Suddenly Victory pointed her little fingers toward the giant speakers and said the first intelligible

words she had ever spoken in her life: *"Mama, it's there!"* Victory could hear and speak! Immediately, Caroline rushed to the stage with her to share what God had done.

The next day the CfaN video team traveled to Victory's home to confirm what God had done. They watched as her mother began to teach her how to speak. Caroline is full of joy: *"I am so thankful to Jesus for healing my child! My family is so excited. Jesus did for Victory what doctors could not do!"*

The family could not afford more extensive medical tests because of Caroline's husband's limited income as a taxi driver.

During the visit to their home, one of the CfaN team members invited Caroline's husband – who had been far away from God – to attend the final night. After seeing what God had done for his daughter, he was very touched by how God was reaching out to him as well, and recommitted his life to Jesus. December 14th 2013 turned out to be a day of blessing and deliverance for the whole family.

Behind the stage, one of our workers is documenting the testimony of Victory's mother.
